Dear H-B Comic News:

It was great to see The Flintstones in the funny old prehistoric style in issue #7. But I was wondering why we never see The Great Gazoo, Hoppy, Babypuss or Wilma's mother in any of the new stories. I think these characters are being overlooked. I'm a #1 Hanna-Barbera fanatic.

Greg Devon Mitchell
Clermont, FL

(Greg, we're not overlooking any of them. In fact, there's a big story in the works right now about the return of The Great Gazoo. Great to hear from such an enthusiastic fan.)

Dear H-B News:

Can you make a comic of A Pup Named Scooby-Doo? He's my favorite cartoon character.

Matthew Handler
White Plains, NY

(Matthew, all you had to do was ask! Take a look at Hanna-Barbera Presents #5. It's A Pup Named Scooby-Doo and it's one heckuva issue. First time ever in comics! Andrew Brennan of Lewisburgh, OH has also written to us inquiring about A Pup Named Scooby-Doo. Well, there you have it, Matthew!)

Dear H-B Comic News:

I just bought Flintstones #7 today and I had to congratulate you on an excellent job. It was a wonderful way to celebrate their 35th anniversary by presenting this issue in the original style.

I'd also like to say that you are doing a great job on the entire line of Hanna-Barbera comics. I have over 1000 different H-B comics in my collection and now with your help my collection is growing again.

Another reader suggested inserts in the comic books of the cover art. It's one of the best ideas I've ever heard. Keep up the great work!

Al Hamood
Dearborn, MI

(Al, that issue of The Flintstones has received many comments like yours. Thank you so much, as well as all of you out there who recognized what we tried to do. We are looking into turning some covers into posters and we'll keep you informed of our progress.)

Dear H-B Comic News:

My daughter loves Scooby-Doo. I am writing to find out if there is any way I can purchase back issues of Scooby-Doo comics? Also do you know where I can purchase any other Scooby-Doo items like posters, videos, books etc.?

Jody Mullen
Somerset, MA

(Ms Mullen, the comic book stores are the best places to find back issues of these comics. They might also have some other Scooby paraphernalia. I would also imagine your local video store would have old Scooby cartoons. Thank you and your daughter for your interest. By the way, remind her to get Scooby-Doo #10, the first issue since forever by Dan Spigle and Mark Evanier, by far the most famous Scooby creators. That same month also features an issue of A Pup Named Scooby-Doo, as Hanna-Barbera Presents #5.)

Dear H-B News:

I have recently come across your revamped line of Hanna-Barbera comics and I have enjoyed them immensely. The artwork and stories are terrific.

Will all of the Hanna-Barbera characters be revived? If so, would it be possible to revive "The Impossibles" and "Roman Holidays"? Having grown up with TV (I'm thirty-three), it sure would be great.

Latonya Bethea
San Diego, CA

(Latonya, we wish we could say we're reviving them all but we will be doing the best we can and the most the market can take. Check out Hanna-Barbera Presents for some features that we haven't seen for a long while. Like Wacky Races, Atom Ant, Secret Squirrel, A Pup Named Scooby-Doo and Frankenstein Jr., to mention a few. We'd love to hear from more of you telling us your old favorites.)

Dear Hanna-Barbera News:

I'm a devoted fan of all Hanna-Barbera cartoons and Fred Flintstone is my favorite character. I collect anything related to Flintstone history. Please tell me how I can get a subscription to The Flintstones? Yabba dabba doo!

David Rooks
Philadelphia, PA

(David, each issue of the magazine — in fact, all Hanna-Barbera comics — carries information about the latest subscription bargains. Thanks for wanting it.)

Dear H-B News:

I really like your Scooby-Doo and Hanna-Barbera Presents issues. Did you ever think about making a Penelope Pitstop comic?

Elizabeth Handley
Rosedale, NY

(Elizabeth, there is another Wacky Races in the works which features Penelope in a big, big way. And we are, in fact, also working on Dastardly and Muttley In Their Flying Machines, which should also include our favorite heroine.)
